

Illustrare e discutere il management diagnostico e chirurgico/ricostruttivo di casi uro-andrologici complessi, con il coinvolgimento di opinion leader nazionali, in particolar modo nell'ambito delle patologie dell'uretra e dell'apparato genitale maschile.

Analizzare le diverse opzioni chirurgiche open/robotiche con l'ausilio della live surgery, discutendo collegialmente delle controversie terapeutiche.

Apprendere e confrontare i tip and tricks delle principali tecniche chirurgiche ricostruttive.

Opinion leader nazionali e internazionali.
